PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## Equipment Cost Presents Problem

Rising costs of heavy construction equipment posed a problem for the county commission this week as the board found itself about \$15,000 short of funds to buy needed machinery.

The board, two weeks ago, received bids on three drag lines, and Monday were told by County Engineer Steve Middleton that funds are only available for purchase of two. The board agreed to study the problem and to try and shift funds into the equipment account.

In other actions this week the commission:

Voted to call a meeting with bonding companies for next Monday at 2 p. m. to discuss ways in which developers could obtain necessary bonds to guarantee completion of sub divisions.

Approved the appointment of John Evans, West Palm Beach attorney, as an assistant county solicitor.

Named Commissioner Paul Rardin to contact Sheriff John Kirk in an effort to get a deputy assigned to the heavily traveled intersection of State Road 90 and Congress Ave., to direct traffic during peak hours.

Heard that the State Road Department will hold a hearing at the Mounts Building on Military Trail, Feb. 18, 19, and 20, on the county's origin and destination survey, covering future plans for location of roads in the county.

Voted to procure right of way for extension of 15th St. in South Bay from 8th to 9th Ave.

## Blue Devils Split In Net Encounters

Coach Bill Howard's Pahokee High Blue Devil cagers won two games and lost one in their three outings the past week. In their home gym Friday night the Blue Devils defeated the Clewiston Tigers, 57-53, and defeated St. Ann's Crusaders, 40-35, Saturday night. However, at Lake Worth Tuesday night it was a different story as the Trojans proved to be formidable opponents and had little trouble in pasting the Blue Devils, 59-39. Pahokee's ace forward, Alvy Early, led the scoring for the Blue Devils in all three contests.

The Blue Devil team was weakened in Friday night's game with Clewiston when its big center, Richard Shackford, suffered a sprained ankle that will probably keep him out of play the rest of the season.

The Blue Devil schedule for the coming week calls for a game with the powerful Pompano Tornadoes at Pompano this Friday night and another with the Forest Hills team at Lake Worth Tuesday night.

## SCOUTS ASK FOR CHARTER

Phelix Slonaker said this week that an application will be made for a new Boy Scout Charter for the Canal Point Troop. He said that at a recent meeting there were 18 youngsters who said they were interested in becoming Scouts.

J. E. (Uncle John) Cochran, well-known Pahokee pioneer resident, is a patient at the Everglades Memorial Hospital this week.

## Over \$2,000 Collected For March Of Dimes

Of the slightly more than \$2,000 collected in the Glades area during the March of Dimes campaign \$670 was contributed by the residents of Pahokee and \$90 by those of Canal Point, according to Mrs. R. V. Allison, general chairman. Most of these contributions were collected by members of the Beta Omicron and Xi Alpha Mu Chapters of the Beta Sigma Phi Sorority in their sponsorship of the Mothers' March on polo, totaling \$800 in Pahokee and \$75 in Canal Point.

## Seniors To Present World Day Service

The Pahokee High School Senior Class will present a worship service in observance of World Day of Prayer in the school auditorium this Friday at 2 p. m., with Geraldine Upthegrove in charge of arrangements. Miss Upthegrove will be assisted by Nancy Thomas, Larry Elliott and the Rev. Robert Shelley, pastor of the Canal Point Methodist Church. Special music will be furnished by the PHS Glee Club under the direction of Jean Brown. Seats will be reserved for the public which is invited to attend.

The afternoon program will be preceded by another World Day of Prayer service to be given in the auditorium at 9 a. m. by Fifth Grade pupils at the Elementary Methodist Church under the direction of Mrs. Sarah Thomas. The World Day of Prayer services at Pahokee are sponsored by the Methodist Woman's Society of Christian Service which furnishes material for the programs. Offerings for world missions will be accepted at both services.

## Mrs. Lemonds Is PTA Secretary

Mrs. N. R. Lemonds was elected secretary of the Pahokee Parent-Teacher Association, replacing Mrs. Osceola Upthegrove, who recently resigned at the February PTA meeting in the high school auditorium Monday night with Mrs. Roy Vandegrift, Jr., president, presiding, and Mrs. Lloyd Hundley acting as secretary.

Mrs. Jess M. Elliott was appointed to represent PTA at the Seminole Sun Dance celebration to be held in West Palm Beach in April. Mrs. Elsworth Keen, program chairman, thanked those who assisted in making the Family Life Education Institute, held at the high school Feb. 2-3 under the sponsorship of PTA with Dr. Lewis Diona, director, an outstanding success. Plans were discussed for sponsoring another FLE institute next year. Those who had drawn out institute study books were asked to turn them over immediately to Mrs. James W. Vann.

It was announced a PTA Health Workshop and Study Course will be held in Delray Beach, West Palm Beach and South Bay later this month. A call was made for two women volunteers to assist in the work at the free Mobile Dental Clinic while it is at the Pahokee (continued on page 8)

## Coca-Cola Company Opens New Plant

The Pahokee Coca-Cola Bottling Company, the city's newest industry, began operations in its bottling plant at 37-59 East Main St., this week, according to Bob Fisher, plant manager.

The remodeling of the plant building before it was purchased by the Coca-Cola Company, and the installation of the bottling equipment have been in progress for the past several weeks and the machinery is now ready for operations. The trial run took place on Monday, although regular production may not start for several days.

The Pahokee plant, with a bottling capacity of 10,000 bottles per hour, will serve the Glades area along the south and east rim of Lake Okeechobee from Bare Beach to Port Mayaca and the southwest part of Martin County from Tidantown to J&S Park at Chauncey Bay. It will also supply bottled drinks to the Coca-Cola warehouse in Stuart.

In addition to Plant Manager Fisher, the plant staff of employees will include Fred Higgins, production superintendent, five production men, office clerk, route supervisor and six route delivery men.

## Canal Point Baptist To Have Revival

The Canal Point Baptist Church will have a series of Revival Services beginning on Sunday, February 22, and will continue through Sunday night, March 1. The music for the Revival will be under the direction of Mrs. Paul Rardin, the Chairman of the Church's Music Committee. She will preside at the piano during the services. Jimmy Merrell of Pahokee will preside at the Baldwin Electric Organ, which is being loaned to the Church by the Legett Music Company singing and all special music will be under the direction of Dalton Harrison, of Belle Glade. The Pastor, Charles D. Stewart, announces that Dr. Paul A. Meigs, of Jacksonville, Florida, will be the Evangelist. Dr. Meigs is the Director of Evangelism for the Florida Baptist State Convention.

Dr. Meigs held Pastorates in Georgia and in California before coming to Florida to assume his duties as Director of Evangelism. Cottage Prayer-meetings are to be held next week throughout the Port Mayaca, Canal Point, Bryant and Pelican Lake communities. Members of the Men's Bible Class will conduct the prayer-meetings in the homes selected by the Community Missions Committee of the Woman's Missionary Society.

Revival services will be held each evening, Monday through Friday, at 7:30 P. M. The regular Sunday schedule of services will be followed on Sunday. The public is cordially invited to worship in the Canal Point Baptist Church, Pastor Stewart announces.

## TAG DEADLINE NEXT FRIDAY

If you haven't bought that 1959 auto tag yet, you'd better hurry. There's only a few days remaining in which to make that all important purchase. Gov. Collins has said there is no good reason for extending the time beyond February 20. That's next Friday.

## Scout Troop 628 Has Camp Out

Pahokee Boy Scout Troop 628 returned recently from a camping trip to Fisheating Creek on the west side of Lake Okeechobee where the Scouts were given in 24-hour survival tests. Each Scout was issued one match, a 10-foot fishing line, one fish hook and a choice of a hatchet or sheath knife to test his ability to live off the land through the practice of skills taught in Scouting without outside assistance or sustenance for a 24-hour period, according to Scoutmaster Louis Mims.

## Time Running Out To Buy '59 Tags

The public is reminded by Mrs. Edwina Young, who is in charge of the issuing of motor vehicle license plates at the County Building on E. 15 between Pahokee and Belle Glade, that time is fast running out for obtaining the plates before the Feb. 20th deadline.

Of the 7,500 new 1959 car license plates that are to be issued in the Glades area of Palm Beach County only 4,500 had been sold Wednesday morning, leaving 3,000 yet to be purchased. If the majority of these are purchased on the last day or two before the deadline, it will mean tiresome delays for the tardy car owners, Mrs. Young warns. Those who are holding back because they have mislaid or cannot find their registration cards are advised to bring their 1958 tags to Mrs. Young's office to expedite the issuance of the new 1959 plates.

## Co-Op Program Is Society Topic

"The Cooperative Program of the Church" was the subject discussed by members of the Pahokee Baptist Woman's Missionary Society at separate meetings of the WMS circles Tuesday.

Mrs. Mildred Harris was received as a new member of the Betty Mills Circle at the meeting at the home of Mrs. Margie Branch with Mrs. Valerie Davis in charge of the program. "How WMS Serves" was explained by Mrs. Dot Folds, Mrs. Catherine Barnes and Mrs. Marilyn Potete. The group voted to sponsor a Valentine breakfast for members of the Young Woman's Auxiliary on Feb. 14 in observance of Focus Week, with Mrs. Lee Shirley to be in charge of arrangements. The group also voted to assist the Faye Taylor Circle with the Week of Prayer program on Monday, March 2.

Mrs. Mattie Chastain was hostess to members of the Lucy Jones Circle at the meeting at the home of Mrs. Chastain's daughter, Mrs. E. L. Pope. Members brought to the meeting aprons, wash cloths and dish towels for the Baptist Children's Home at Lakeland. Mrs. Adaline Wroten, chairman, presided at the business session and Mrs. James Boyd and Mrs. J. C. Mock presented the program. Following the meeting members attended the party which Mrs. Pope gave for her mother, Mrs. Chastain, who was celebrating her 79th birthday anniversary (continued on page 8)

## Jean Bacon Leases Concession On Dike

The Pahokee City Council in regular session Monday night accepted the bid of Jean Bacon of Pahokee to operate the breakwater concession at Pahokee Harbor. Bacon will pay the City \$100 a month rental fee through the first two years and \$125 a month the third year. The bid of W. H. Rice of Hialeah, higher than Bacon's, was rejected because of inadequate financial references.

The Council also accepted the bid of Stanley Chevrolet, Inc., of Pahokee, to sell the City a 1½-ton truck chassis for the street department at a cost of \$2,722.65, less \$722.65 trade-in allowance for the old chassis, for a net price of \$2,000. The bid of Inflico of Tucson, Ariz., to furnish needed repair equipment for the waterworks department was referred to department officials for study before action will be taken.

County Commissioner Paul Rardin is a letter to the Council reported that the State Road Department has let contracts for the retreading of SR 15 (Lake Avenue) in Pahokee from SE Second Street south and east to the Florida East Coast crossing and SR 715 (Bacon Point Road) from the First Baptist Church southwest to the intersection with the East Shore pump station road. Through the efforts of Commissioner Rardin the County Commission has authorized the use of Secondary Road Funds to widen the SR 15 retreat job where it borders Ixora Park and the new (continued on page 8)

## Wiley Tillis To Build Cafeteria

Construction will start within the next few days on the new Cafeteria for Canal Point School, according to School Board Member Charles W. Knight who said yesterday that the contract had been let to the low bidder, Wiley Tillis of Pahokee. The bids were as follows:

|                             |             |
|-----------------------------|-------------|
| Wiley Tillis                | \$36,267.82 |
| Pahokee Roemer Con. Co.     | \$36,666.00 |
| Belle Glade Blanton & Unwin | \$36,797.60 |

Pahokee Mr. Knight said that the contract called for completion of the new building within 120 days.

## Dale Maxwell Finished With BS Degree

Dale Maxwell, who received a Bachelor of Science degree from Florida Southern College, Lakeland, at the midyear graduation exercises, visited his parents, Mr. and Mrs. Clarence Maxwell, at Pahokee the first of the week before going to Ocala where he is now employed. Those from Pahokee who attended the graduation exercises in addition to his parents were his aunt, Mrs. George Mead, and uncle, Ernest Maxwell.

Mrs. M. P. Stanley is expected to be able to return to her home in Pahokee this weekend from the Oschner Foundation Hospital, New Orleans, La., where she recently underwent surgery.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The Palm Beach County Commission went on record this week as being in favor of developing Peanut Island as a public recreation area and took steps to try and bring other agencies involved into the same frame of mind.

Appearing before the commission on the issue, was John Rybovich, Jr., who asked that the county seek legislation to declare Peanut Island public property and to do whatever needed to prevent sale of the area to private interests.

Rybovich said at the present time the Port of Palm Beach Commission which controls the area, seeks to sell the island to private interests and use the money for improvements at the port—which the speaker declared “are not needed.” Rybovich said current legislation authorizing sale of the island provides for a referendum vote—but the inlet commission seems reluctant to put it to a referendum.

Rybovich said as long as the land is already public property the people should be allowed to vote on what to do with it.

The commission pointed out that the county is not in a position to take over control of the land without the cooperation of the Port Commission and the Florida Power and Light Co., which reportedly owns a portion of the island.

The commission and Rybovich both agreed that Peanut Island is the “last frontier” for the general public to have ready access to the ocean for boating and fishing since all other lands have been taken up by private interests.

The county commission recently began a search for beach lands which could be taken over for public park purposes and found few places available.

The county commission this week also took steps to strengthen control over juveniles being detained in the county jail following a report the young prisoners “are wrecking the place.”

Joe Cole, chairman of the Board of Visitors appeared before the commission to ask help in curbing what he described as “destruction at the jail.”

At the present time, Cole said, about a score of youngsters under 17 years of age, are being held at the jail until they can be transferred to Marianna.

He said detention facilities at the county children's home are not adequate and that the young prisoners are not given proper supervision at the jail. As a result, he said, they are tearing up mattresses, defacing the walls and generally causing a great deal of damage.

Cole said his committee recommended that around the clock supervision be assigned to the juvenile cell block.

His appeal was seconded by Sheriff John Kirk who told the board, “they are tearing up the place faster than we can fix it up.” He added they put a jailor in the cell with the young prisoners “and had to retrieve him when they were about to lynch him.”

The commission, after hearing the request, authorized an appropriation to pay salaries of special deputies for a 30-day trial period. The deputies are to be hired by Sheriff Kirk with the help of Alton Murray, county juvenile officer, who told the commission that correct leadership and attention would help the young juveniles to becoming better citizens.

## Mrs. Pope Honors Mother On Birthday

Mrs. E. L. Pope entertained Tuesday afternoon at her home, 554 Bacom Point Rd., with a party honoring her mother, Mrs. J. V. Chastain, on her 79th birthday anniversary. Tulips were featured by the hostess in the floral decorations in carrying out the Valentine motif. The 35 guests included members of the Mattie Chastain Sunday School Class, which was named after the honoree, and members of the Lucy Jones Circle, Baptist WMS.

Mr. and Mrs. J. C. Stapler, accompanied by Mrs. O. R. Stapler and daughter, Kay, were guests of relatives in Fort Myers last week-end.

## 13 Million Visitors At Singing Tower

LAKE WALES — Thirty years ago this month Calvin Coolidge dedicated the Bok Singing Tower in Lake Wales as a gift to the American people from journalist Edward W. Bok.

In the intervening years more than 13 million visitors have climbed 295-foot Iron Mountain to view the tower and to stand on the highest ground on the Florida peninsula.

To make the tower sing, Bok brought Belgian Carillonneur Anton Brees to Florida to play the 71 English cast bells that range in weight from 11 pounds to 11 tons. Brees stayed on and has played every scheduled recital except one for 20 years.

There will be no ceremony to mark the anniversary, but the tourists and residents of Florida will continue to visit this unique attraction that charges no admission and offers no entertainment save the medieval music of the bells.

Mr. and Mrs. Frank Friend have as a guest her sister, Mrs. H. C. White of Savannah, Ga.

## Garden Club to Hear Park Botanist

Miss Carol Beck, botanist at Highlands Hammock State Park, Sebring, will be guest speaker at the February meeting of the Pahokee Garden Club to be held at the home of Mrs. Norman A. Kennedy Tuesday, Feb. 17, at 10 a. m., with Mrs. Kennedy to be in charge of program arrangements and Mrs. J. T. Platt, president to preside. The program topic will be “Florida State Parks.” Mrs. Ruth Meredith, Mrs. Annette McCurdy, Mrs. Martha McIntosh and Mrs. Lillian Pargett will be hostesses at the sandwich luncheon at noon.

## Pick your savings target and shoot straight for it!

**A** home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you *before* you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

## Past Presidents Cattlemen Group Will Be Honored

KESSIMMEE — Special tribute will be paid to the founders and past presidents of the Florida Cattlemen's Association here on Saturday, February 21, in a special observance of the 25th Anniversary of the founding of the cattle group back in February 1934.

Former Supreme Court Justice Alto Adams, Sr., of Fort Pierce will present special plaques to 12 founders or their survivors, and to nine past presidents in ceremonies beginning at 1:00 p. m. and open to the public at the Kissimmee Valley Livestock Pavilion.

Preceding the presentation, the Kissimmee Chamber of Commerce will recognize the occasion, and the importance of the cattle industry to Osceola County, at a special luncheon for the founders, past presidents, officers and directors of the cattlemen's association starting at 11:30 a. m. in the Osceola High School Cafeteria. The group will be honored guests of the Silver Spurs at the rodeo performance which follows at 2:30 p. m.

Founders were: G. H. Prather (the first president), Joel Yates, Roy Bass, J. R. Gunn (the present secretary), Henry O. Partin, Irio Bronson (the fourth president) and the late Charles H. Godwin of Kessimmee; the late W. R. Godwin and the late John J. Johnston, both of St. Cloud; and N. Ray Carroll, then of Deer Park. E. M. Walker, the first executive secretary, and Ellis F. Davis, who advised the group as attorney, will also be honored.

Other past presidents who will be recognized will be: P. E. Williams of Davenport (who served for 10 years), the late Dave Turner of Bradley Junction, Cushman S. Radebaugh of Orlando and Fort Pierce, Ben Hill Griffin, Jr., of Frostproof, J. B. Starkey of Largo, E. J. Alderman of Grandin and J. O. Pearce, Jr., of Okeechobee.

## Freedom Month Is Set By Gov. Collins

MIAMI—February has been officially proclaimed "Freedom Month" by Governor LeRoy Collins who heads the Florida state committee of the Crusade for Freedom. The Governor is honorary chairman.

Crusade for Freedom is the agency through which millions of Americans support Radio Free Europe by their voluntary contributions. Radio Free Europe is a network of 28 powerful transmitters and relay stations located in West Germany and Portugal. It broadcasts news, information, and feature programs from the free world to Communist controlled Poland, Czechoslovakia, Hungary, Rumania and Bulgaria, an area of 76 million people.

John E. Turner, vice president of Orange State Oil Company, Miami, is organizing Florida's support of the Crusade for Freedom. As state chairman he joins community and business leaders throughout the nation who have formed a solid front to give the satellite peoples the world's news and thought suppressed by their own radio and press.

Mrs. Robert O. Lampi spent the past week in Tampa with her sister, Mrs. Thelma Jones, who is critically ill at the Tampa General Hospital.

## Sailfish Tournery Riviera Beach

Mrs. June Barrows of St. Paul, Minn. has jumped into the lead in the Riviera Beach Chamber of Commerce Golden Sailfish Tournery. During her first offshore fishing trip Mrs. Barrows landed an 8 foot 1 1/4 inch sailfish weighing 59 pounds while fishing off Riviera Beach aboard Capt. Bob Owen's charter boat 'Honey Chile'.

Mrs. Barrows presently holds the lead for the most beautiful 'keeper' trophy ever offered in a fishing contest. The trophy is a leaping golden sailfish with jeweled eyes, mounted on a mahogany base, and will be presented to the angler catching the longest sailfish during the contest ending May 31st. The trophy is being presented by the member charter boats in cooperation with our Chamber of Commerce to acquaint anglers with this area which is becoming incredibly famous for the most consistent year-round sailfishing in the world.

Kenneth Hignite has returned to Key West, where he is stationed by the U. S. Navy, after a recent visit here with his parents, Mr. and Mrs. Thomas Hignite.

## New Weekly For Okeechobee City

Dick Campbell, advertising man on the Stuart News staff, has filed in Okeechobee County a fictitious name certificate for a new weekly newspaper there to be known as the Okeechobee Free Press. He is listed as sole owner of the new paper.

Campbell went to Stuart recently from Juneau, Alaska, where he was managing editor of a newspaper. He has rented a small building in Okeechobee as headquarters for the new paper.

At present the Okeechobee News, a weekly, is the only newspaper in that county. It was established in 1914. The publisher is LaMonte H. Moore, brother of Everett Moore, editor of the new Indiantown Press, a recent addition to the publishing field in Martin County.

## Harper's Magazine Stands Corrected

WASHINGTON—An article published in Harper's Magazine describing the Central and South Florida Flood Control project as chiefly benefitting a few large land owners drew arguments from Floridians last week.

Sen. Spessard Holland said the article draws unsound conclusions and contains part-truths when it states congressional appropriations for the project should be reduced because it actually reclaims land rather than controlling floods. Holland said it has proved its value by preventing a recurrence of the 1926 and 1928 hurricane disasters.

The multi-million dollar project extends across the state from Palm Beach to Fort Myers and reaches from Cape Canaveral to a point south of Miami.

## Tampa Fair Opens With Big Parade

TAMPA—A warm Florida sun, a high stepping parade staged by the fun-loving Shriners, and the country's favorite couple Roy Rogers and Dale Evans, joined together to pack opening day at Tampa's 54th annual Florida State Fair last Tuesday.

So great was the reception given Rogers by 10,000 people at the airport when he arrived Sunday that traffic was tied up for hours and every available man on Tampa's police force was called out to cope with the situation.

Meanwhile, exhibits sponsored by Florida counties, industrial concerns and organizations have been attracting the usually large crowds.

A special exhibit prepared by the Atomic Energy Commission and illustrating a Florida project that is the only one of its kind in the world, has created considerable interest. Featured at the Highlands County Booth, the display highlights the irradiation process using Cobalt-60 which sterilizes billions of flies being produced at the Sebring laboratory of the State-Federal Screwworm Eradication Program.

The Fair continues through February 14 with its usual program of auto races, the Great American Shows midway, quarter horse races, an electrical show sponsored by Tampa Electric Company and many other outstanding features.

## JOHNNY THOMAS IN HOSPITAL

Johnny Thomas, Gulf Oil Distributor, is in Everglades Memorial Hospital suffering from gout. He is not in serious condition but gout brings about a great deal of severe pain.

## Births

Mr. and Mrs. Eugene Wilson announce the birth of a daughter at the Everglades Memorial Hospital, Feb. 10.

Mr. and Mrs. Raymond Williams (Cora Ray) of Pahokee announce the birth of a daughter, Ramona Ann, at the Everglades Memorial Hospital, Feb. 8.

## Billion Yearly Is Spent By Tourists

Tallahassee—Most taxing efforts on the state level in Florida have been toward putting high taxes on the things tourists buy, and as a result, the state has high rates on gasoline, cigarettes, beer, liquor, racing and tourist accommodations.

A study of 1957 taxes by the State Hotel and Restaurant Commission revealed some eight million tourists spent well over \$1 billion in Florida, an amount that yielded \$73,260,542 in direct taxes to the state. This was 17.7 per cent of the total take of \$413 million from state taxes.

This fact shows that \$18 is knocked off each Floridian's state taxes, dropping it from \$107 to \$89 a year. This also means that residents of Florida pay only one dollar per year more for state taxes than the national average.

Mrs. Donald Cook entertained at her home with a party for her son, Phillip, on his third birthday anniversary. The hostess was assisted by Mrs. Mamie Lassiter.

## Christian Science Group Of Canal Point

God's great healing and saving power will be brought out at Christian Science services Sunday.

Scriptural selections will include the following from Matthew (14: 24): "And Jesus went forth, and saw a great multitude, and was moved with compassion toward them, and he healed their sick."

Subject of the Lesson-Sermon is "Soul", a word which, when capitalized, is used in Christian Science as one of the synonyms for God. From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (210:11-16): "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

The Golden Text is from Psalms (62:1): "Truly my soul waiteth upon God: from him cometh my salvation."

## Special Committee Has First Meeting

At its first meeting, Alton W. Jones was selected by the Canal Point Baptist Church's special Plans and Financing Committee to serve as Chairman of this Committee. A. T. Holt was elected to be the Secretary for this Committee. The other members of the Committee are: J. S. Atkins, J. S. Chastain, Grady T. Echols, James Gibson and J. G. Weeks.

This Committee is to serve the Church throughout the entire time required for the completion of the New Educational-Buildings for the Canal Point Baptist Church.

This is a "Fact Finding" and "Fact Furnishing" Committee who will keep the Church members and the public informed and enlisted in every phase of the Church's Building program.

## Ione Patterson Circle Has Regular Meeting

The Ione Patterson Circle of the Canal Point Baptist Church met at the home of Mr. and Mrs. Ray Singletary.

Mrs. J. D. Latham gave the devotional on "Christ our ever-ready helper" using Verses from Psalms 147 and Hebrews 7.

Mrs. T. D. Mullens gave a review of the work done by Mrs. Minnell Graves, director of the good will center in Miami. Mrs. Mullens used pictures and curios to demonstrate the different nationalities that are helped by the Southern Baptist organization in southern Florida.

Mrs. M. F. George, Childrens Home chairman ask each Church member to bring to the church not later than February 16, an apron, preferably a large apron. A dish towel or a wash cloth to be sent to the new Baptist Childrens home in Miami.

Cake and coffee was served by the hostess to fourteen circle members with two visitors. Mrs. G. B. Singletary of Thomasville, Ga. and Mrs. Mattie Bain of Coat, North Carolina.

The next circle meeting will be with Mrs. M. F. George on March 3.

Mrs. Paul Tillery was able to return to her home in Pahokee the past week from a West Palm Beach hospital where she recently underwent surgery.

## Miss Harrington Gets Grand Prize Ribbon

Janette Harrington, daughter of Mr. and Mrs. A. R. Harrington of Canal Point, and Gwen Hayes of Lake Worth, both 4-H Club poultry specialists, will attend the State Fair in Tampa this weekend and practice poultry judging at the Fair on Friday, preliminary to their participation in the 4-H Poultry Judging Contests at the Central Florida State Fair in Orlando Feb. 28. Janette, in addition to receiving five blue ribbons and five red ribbons for the Rhode Island Red laying hens she exhibited at the recent Palm Beach County Fair, was awarded the grand-prize purple ribbon for the best pullets exhibited at the Fair.

Other County 4-H girls who are attending the State Fair this weekend include Mildred Smith of West Palm Beach and Betty Ann Carpenter, of Lake Worth, who will be in charge of the 4-H booth at the Fair, and Sharon Smith of Lake Park who will receive an award at the Fair as the outstanding girl of the year in 4-H Club work in Palm Beach County.

The group will be accompanied to the Fair by Miss Miriam Lapinto, assistant County home demonstration agent, and Raleigh Griffis, assistant County agricultural agent.

a castle in the air costs nothing  
—but you can't live in it!

Make your dream house come true! It's easy  
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a home or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.28!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

*If you want your interest as current income, ask your bank about Series H Bonds, which pay dividends annually by Treasury check.*

## Uncle Sam Says Tiny Envelopes Must Go!

2 3/4 inches by 4 inches  
No Envelope Smaller  
Effective July 1, 1959

YOUR UNCLE SAMUEL SAYS that tiny envelopes which have given postal authorities so much trouble in the past will be eliminated from the mails come July 1, 1959. The size shown immediately above is the smallest you can mail after July 1, according to a recent ruling by the Post Office Department in Washington. Tiny birth announcements, shower notices and envelopes of various kinds smaller than the one shown above have had their day, so prepare for the new mailing instructions on July 1.

## Flying High Will Make Bow Feb. 21

Right this way, ladies and gentlemen, for the Big Show—yes sir, the greatest collegiate show on earth—"Flying High," Florida State University's nationally-known all-students circus, to be featured under the stars in Memorial Field Feb. 21.

And what do you like about a circus... clowns, high thrilling trapeze, daring giant whirls, breath taking balancing acts, sensational adagio teams, unicycle specialties, tight wire experts, lovely dancing coeds or exciting circus music? Chances are whatever you like, you will see plenty of

it at Belle Glade on Feb. 21st when "Flying High" stages its two hour extravaganza under the auspices of Rotary.

It is hard to believe that they actually use a dainty coed for a jumping rope and that college students fly thru the air. Some do forward, twisting somersaults, and back layout gaylords from trapeze with the confidence of a professional.

An what are these circus performer's ambitions in life? The catcher hopes to be a mechanical engineer, the young gentleman on the trapeze plans to be a dentist, one of the girls is majoring in business education and another will graduate as an elementary school teacher. A great number of the performers are in the field of art and recreation.

## Averill Asks Help Of Migrant Committee

The Pahokee-Canal Point Migrant Assistance Committee at a meeting Tuesday night, with Chairman Wiley Tillis presiding, heard an appeal by Grant Averill, chairman of the Belle Glade MAC, to join his group in carrying out plans to raise funds for the purchase of a motor vehicle to transport indigent medical cases to the County clinics in West Palm Beach for treatment.

Mr. Averill estimated that it would be necessary to raise around \$500 in the Pahokee-Canal Point area for this project and expressed the hope that the Pahokee Housing Authority, the City of Pahokee and civic clubs of this area will assist with contributions.

It was reported at the meeting that the Committee spent \$90 in handling emergency cases in need of instant relief during January.

Ikora Park addition in order to provide badly needed parking space in front of the public park area.

City Attorney Ralph O. Johnson was instructed to take the necessary legal steps to have the city charter amended to allow for the passage of a proposed ordinance limiting the number of gasoline filling stations that can be built within the city limits.

Building Inspector Frank Thompson recommended that the City take immediate steps to have the sidewalk rebuilt on Bacon Point Road from the First Baptist Church to the City Park as the sidewalk along Bacon Point Road, one of the oldest in the city, is in bad condition and a hazard to public safety. City Clerk Patricia Batchelor was instructed to write to the State Road Department with a request for grades and specifications for the entire stretch of sidewalk bordering Bacon Point Road on the north.

Miss Batchelor was also asked to send a request from the City to the County Commission for 64 feet of 18-inch concrete culvert to be used for drainage purposes at the intersection of Second Street and Barfield Highway, the latter being a County road.

## IT'S BUILT FOR PEOPLE

Ford's wide-opening doors let you enter and leave with ease. Ford offers the most insulation in its field. All Fords have foam-padded front seat cushions... all Fords have full-depth springing all the way across the back seat... and your feet aren't cramped in a Ford as they are in so many other low-priced cars.

## IT'S BUILT FOR SAVINGS

You can save up to \$1.00 a tankful because Ford's standard engines thrive on regular gas. Fords only require oil changes each 1000 miles. Ford cars themselves, and the extras most people buy cost less, too. Suggested retail price of a Ford with radio, heater and automatic drive is as much as \$102.75 less than major competition.
